SKI BOOTS ARE ALL WE DO

Dalbello is a specialist Italian ski boot brand founded in 1974 by Seniore Dal Bello, a true shoemaker. Located near to the mountains in a place called Asolo, we are the only manufacturer that still produces every single product in its own factory here in Italy.

The Italian sensibility for unique, advanced design, technological solutions, and passion for the product made Dalbello a top performing brand, winning 10 Olympic medals in 2014, and continuing to support top athletes in freeskiing and World Cup racing.

Supporting our R&D is a huge team of outstanding athletes who have a great deal of influence on the product and its performance. Their experience and daily use lead to constant progression and improvement. These elite athletes are true members of the global Dalbello family.

The strength of our “Italian family” is an important part of our corporate culture. We are very proud of these unique values, and the people who bring our ideas and vision to life.

Come join us in the mountains, and be part of

NEW

2017-2018

NEW KRYPTON AX - WIDER 100MM LAST

New last and fit story for Dalbello's legendary freeride model - Krypton now fits more feet!

PANTERRA SERIES

The new Panterra features a lighter weight shell with cosmetic improvements for improved shelf appeal, a new liner, and the option of a GripWalk sole - all with the same great fit that has made it a top seller.

LUPO AX SERIES

Like the Krypton, the Lupo also has a wider shell option, allowing more skiers to enjoy our lightweight freeride touring boots. Also available in a women's model down to 21 Mondo size!

THE NEW SOLE-BINDING SYSTEM FOR BETTER WALKING COMFORT AND TOP SKIING PERFORMANCE

EASY GOING

BETTER WALKING GRIP

High-profile slip-resistant sole

WALKING COMFORT

Increased walking comfort and improved natural motion thanks to curved rubber sole

NO HEIGHT ADJUSTMENT NEEDED

Compatible with all "Grip Walk ready" bindings

100% CUSTOMIZABLE BOOT SYSTEM

- Excellent shock absorption

SPECIFIC TECHNOLOGY

DYNALINK

- Independently functioning heel / instep closure assembly
- Minimizes foot sliding, heel lift and shell distortion during flex

KINETIC RESPONSE TONGUE

- Highly resilient polyamide flex ribbed tongue
- Stays in permanent contact with the leg
- Improved responsiveness and control
- Interchangeable design for different flexes

SKI-HIKE

- Burly cuff lock mechanism frees the upper cuff from the lower shell
- Long range of motion for effective hiking and climbing
- No compromise of skiing performance due to unique Cabrio design
